

Meeting Notes for Tuesday 15th September 2020

As usual, it was 11am for an 11:15am start.

1. Cornerstone Manager says we are exempted from the rule of 6, so we are back up to 9 people.
2. First part of the meeting was about our meal on Wednesday 23rd September. After our great, but not at all distanced meal at Pinocchios, we hope to have a meal outside (probably Hove Place) which will mean early so it is warm (with luck). Possibly at 4 as before.
3. Discussed payment of subs, reduced to £3 as we have missed out on so many meetings. You may want to do so as your meal will be subsidised. As always, the only criterion for meetings or social events is being 50+ years old, so you are welcome even if you don't wish to join.
4. Val had to go at noon as she had an important Zoom meeting with U3A.
5. Discussed the website which is a work in progress, though the basics are there e.g. it's Responsive (works on a computer or a phone). Mike Turpin plans to make it a secure website (with Lock symbol and https) and to add a login for others to update the Events page (requires some database work).
6. We also have a Facebook page, Working Fifty Plus (link from Website), which has very few followers. Val uses it partly as a tribute to Bob, who was an ardent Facebook user. Please give it a try.
7. Let us know if you would like your name to be removed from the list. We will soon be deciding to remove those people we haven't heard from for a year.

Regards,

Jean, Val and the Planning group
